

Position: Principal / Senior Urban Designer / Architect

Location: Jakarta, Indonesia

PT Townland International is part of the TOWNLAND Group, a leading international multidisciplinary planning and design consultancy. The Group provides professional services in urban and regional planning, master planning, urban design, landscape architecture, architecture, and related disciplines to governments, public agencies, and private-sector property developers in Indonesia, Hong Kong, the People's Republic of China, India, and across the Asia-Pacific region.

We are seeking suitably qualified candidates to support our expanding workload in Indonesia. Applicants should possess the following qualifications:

- A Degree in Architecture, Master Planning, Urban Design or a related discipline, ideally with a postgraduate qualification.
- A minimum of 10 years post-qualification experience in Master Planning, Urban Design or Architecture.

Applicants are expected to demonstrate:

- Experience in urbanism and architecture, with a comprehensive understanding of Indonesian planning and design standards and regulations, as well as international best practice.
- A high-quality portfolio demonstrating a commitment to innovative planning and design solutions for complex urban challenges.
- A sound understanding of architectural materials, construction processes, workmanship, and detailing.
- Strong visual and technical knowledge throughout the schematic design and design development stages.
- A high level of creativity, innovation, and self-motivation, with the ambition to achieve international recognition.
- Excellent interpersonal and organisational skills, including the ability to lead project teams, liaise effectively with clients, and develop and maintain strong client relationships.
- The ability to lead and manage multiple projects concurrently.
- The ability to coach and mentor urban designers and architects in the principles and application of sustainable design.
- Excellent design, visualisation, and graphic communication skills.
- Advanced computer and graphic design skills, including proficiency in relevant software such as AutoCAD, SketchUp, Adobe Creative Suite, D5, Rhino, Grasshopper, QGIS, and Microsoft

Office.

- Excellent written and spoken English.
- A willingness to undertake domestic and international travel.
- The ability to represent TOWNLAND at international conferences, seminars, and other professional events.

This is an excellent opportunity to be part of a growing team of talented planners and designers on a range of exciting project opportunities in Indonesia and the Region. We offer a competitive financial reward, solid career advancement and the opportunity to work on a wide variety of challenging and interesting Projects within a collegial team of international planners and designers. You will receive valuable international experience in a dynamic region and the opportunity to be a core member within a success driven Company.
